March 23, 2021

Dear Investment Casting Colleagues,

It was my hope that the cancellation of our April 2021 live event in New Orleans would have been the last major impact the pandemic would have on the Institute's program. Unfortunately, I was mistaken.

On review of the global situation, the ICI has ascertained that participation at the 15th World Conference on Investment Casting would most probably be limited to North American delegates with international attendance limited to virtual access if the event were conducted this year. At the urging of our international counterparts and ICI Member exhibitors, the Institute has decided to postpone this event to 2022.

The new dates for the 15th WCIC are August 21-24, 2022. The event will still be held at the Disneyland Hotel in Anaheim, California, and it will be an equipment show as originally planned.

Replacing this event, the ICI will be hosting the 68th Technical Conference and Expo in Grand Rapids, Michigan from November 7-10, 2021. We are currently developing the floor plan for table top exhibits, which should be published shortly. This event will have a virtual element for those with company or governmental travel restrictions. Ms. Barbara Tiseo will be reaching out to exhibitors in the coming weeks to help you reserve your spot. If you are not a regular exhibitor, but would like to become one, please reach out to Barbara at btiseo@investmentcasting.org.

Thank you for your understanding and support in this matter.

Kind regards,

Joseph E. Fritz
Executive Director - ICI
